### **EXAMINER'S AMENDMENT**

1. Claims 1-5 and 8-28 are pending in the instant application.
2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

**Claims 1-5 and 8-28 are renumbered respectively as claims 1-26, and the claim dependency is amended accordingly.**

### ***Allowable Subject Matter***

3. Claims 1-5 and 8-28 renumbered respectively as claims 1-26 are allowed.
4. The following is an examiner's statement of reasons for allowance:

Claims 1-5 and 8-28 renumbered respectively as claims 1-26 are allowed because the prior art of record does not anticipate or obviate all of the limitations in the independent claims. With the amendment of November 9, 2004, the prior art reference Evans et al (US 6002279) no longer anticipates the claimed limitations. Specifically, Evans et al does not disclose a phase interpolator which derives a data sampling signal to be placed upon a data path and a phase sampling signal to be placed upon a phase path.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
